# Ideum Touch Product Warranty ■ 3 Year

## Limited Warranty

“Touch Product” is a generic term that herein shall refer to all models, with exceptions noted, of touch tables and touch walls that Ideum produces. Your Ideum Touch Product will be repaired or replaced in accordance with the terms of this warranty, at Ideum’s option, if it proves to be defective in material or workmanship under normal use during the warranty period (“Warranty Period”) effective from the date of receipt at the original shipment destination of the Touch Product. This warranty is extended only to the original end-use purchaser (“Customer”), in good standing with Ideum, and shall not be extended to any other person or transferee. Third party warranties will apply where applicable.

## Warranty Period

Labor and Parts: three years from receipt (“Proof of Delivery”) of Touch Product(s) at the Customer’s location. Pano, custom conference room table, and Colossus 86” owners only may receive one free on-site support visit in the first year of the warranty, if required (in the U.S. and Canada only; this does not apply to international sales). Ideum may require the unit to be shipped back for repair if a site visit is deemed unlikely to solve the problem; this is at Ideum’s discretion. The Customer’s Touch Product will be repaired or replaced, within a reasonable period of time, with a new, substitute model or factory reconditioned unit at Ideum’s option. If repaired, parts used in the repair may be new or remanufactured. Replacement units and repair parts are warranted for the remaining portion of the original Warranty Period. The duration and terms of the warranty for some custom hardware projects may be shorter in duration (one year) if not specified in other agreements.

## Warranty Effective Date

The Customer’s Warranty Period begins on the date of receipt of the Touch Product at the Customer’s location. PLEASE KEEP THE PROOF OF DELIVERY as evidence of the receipt date. The Customer may be required to submit a legible copy of Proof of Delivery when requesting warranty service.

## Remote Assistance

Ideum will make every effort to service the Touch Product remotely. This may include Ideum technicians using a remote service to log in to the unit. For this type of service, the Customer may be required to connect the Touch Product to an Internet connection.

## Repairs Or Replacement

Ideum will pay for all parts and labor to repair or replace any component in the Touch Product if it proves to be defective in material or workmanship under normal use. For custom units, some components may only be covered by the original manufacturer’s warranty and cosmetic issues such as damage to finishes or laminate are not covered.

The Customer is responsible for shipping the Touch Product to Ideum for repair using the original crating or equivalent. Ideum will pay for shipping if a Touch Product arrives at the Customer’s location damaged or is defective and is reported to Ideum within the first 90 days. The Customer is responsible for all duties, customs fees, taxes, or related costs. Ideum will fix malfunctioning components, replace damaged or defective parts, and pay to return the repaired or replacement Touch Product to the Customer. After 90 days, the Customer must pre-pay all shipping charges and insure the shipment or accept the risk of loss or damage during shipping.
